## Tips

Looking to rent accommodation for a short duration? We recommend prioritizing offers from real estate agencies or student residences (look for the 'PRO' badge), as they are more likely to accept your request.

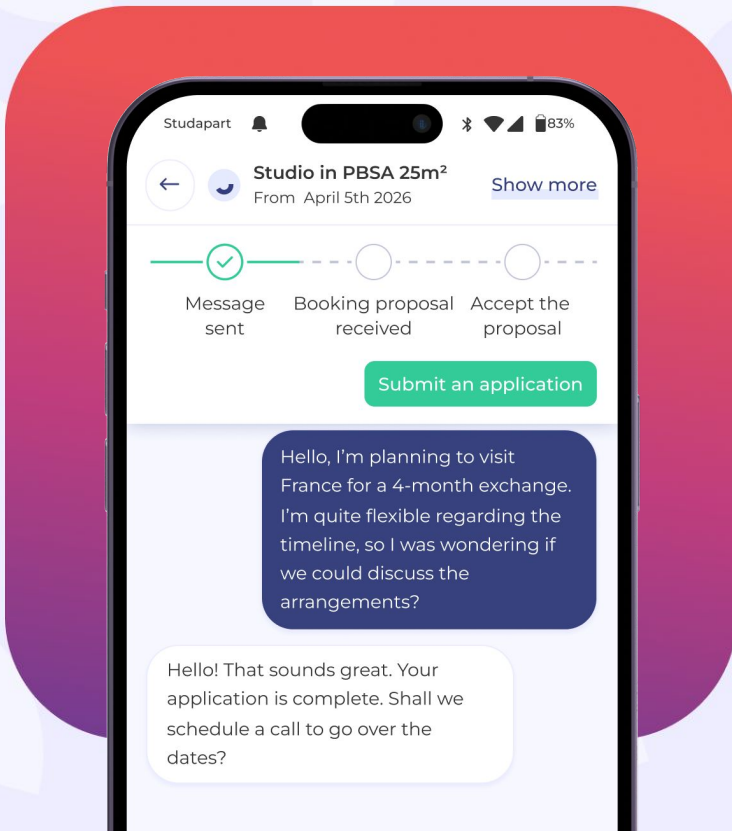

How can you do this? Use the filters to refine your search and find the best accommodation to suit your needs.

### Our advice:

Private landlords will generally prioritize students looking for longer rental periods.

We recommend being flexible in your search; for instance, consider accepting a landlord's request for an extra month's rental.

Don't limit yourself to contacting only 3-4 landlords; apply to at least 8-10 listings. Be persistent!

**Key steps**

## 1. Prepare your rental application

A clear and complete rental application is essential to show that you are serious and reliable. It makes the landlord's decision easier and maximizes your chances of securing your desired accommodation. On Studapart, you create a single application for all your rental requests.

**Upload** the following to the **“My documents”** tab:

### ID proof

Front and back (a photo is also accepted)

### If you have a guarantor:

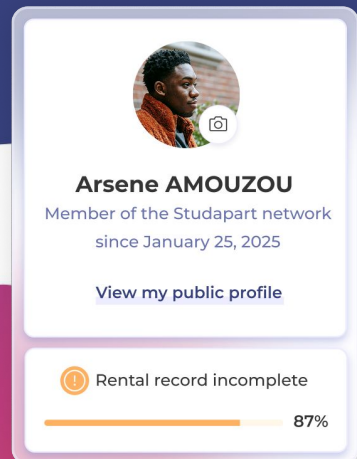

- Their proof of identity.
- Their last 3 payslips.
- Their tax notice.

### Proof of admission or enrollment

Studapart automatically acts as your guarantor!

### What is a guarantor?

It is someone from your personal circle (like a parent or friend) or an organization, such as Studapart, who vouches for you, confirming that you are reliable and capable of paying the rent each month. If you don't have a guarantor, Studapart can act as one for you.

### 2 options available:

#### 1. Before your booking - The Guaranteed Profile

With a personalized badge, your profile will be highlighted, and you will receive responses faster (on average 3 times faster).

You automatically benefit from the Studapart Guarantee.

#### 2. During booking - The Studapart Guarantee

Do you only need Studapart as your guarantor?

Ask the landlord you've contacted to include the Studapart Guarantee in their booking proposal. The fees for this guarantee are added automatically, and once the accommodation is booked, Studapart acts as your guarantor for the entire duration of your lease.

#### Fill in your information and activate your Guaranteed Profile:

# Prepare your check-in

Please find below the next steps following your booking:

### 1. Lease signature

The lease can be signed remotely or on the day of the move-in inspection, depending on what you agree upon with the landlord. Remote signing is particularly useful if you need proof of address for a visa. The lease is the official rental contract, and its terms vary depending on the type of housing (furnished or unfurnished).

### 2. Check-in inventory

The move-in inspection is essential to avoid any disputes when you move out. Take photos, check every detail, and report any issues. This document will serve as a reference for recovering your security deposit at the end of your lease.

### 3. Add-on services

When moving, it's essential to set up your new utilities (electricity, gas, water, or internet). Before you move into your new home, contact our partner, Papernest, for free support with these arrangements and to access exclusive deals. You could save up to €480 on installation fees, and as a bonus, you'll receive discount vouchers for various retailers to help you furnish and equip your new home.

### 4. Issue reporting

In the event of any issues, you have 24 hours from your move-in date to contact our support team.

### Partnersip advantages

Contactez l'équipe support **jusqu'à 72h après emménagement** en cas de nuisibles au lieu de 24h.

# Preparing for your move-out

Send your notice of departure to your landlord via registered mail with acknowledgment of receipt. By law, you will have a notice period of 1 to 3 months—depending on the city—from the date the letter is received before you are required to vacate the property.

Schedule your move-out inspection: Once your notice has been submitted and the notice period has elapsed, schedule a date with your landlord for the final walk-through to check the condition of the property and document any potential damages.

The security deposit will be refunded within one month if no damages are noted (or within two months if repairs are necessary).
